This Woman Had to Insist Strongly, but it Paid

clerk did not want to let me have ithe said it was no guestand wanted me to try samething clas, but knowing all about it I tosisted and finally got it, and I am so giad I did, for it has cured me.

"I know of so many cases where wo men have been cured by Lydia E. Phakham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."—Mrs. JANETZEI, 2563 Arch St., Chicago, Ill. from twenty to twenty-five dollars

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the

ruggist can make a little more profit. Women who are passing through this critical period or who are suffering from any of these distressing ills period for these distressing ills period to these sex should not lose sight of the fact that for thirty years Lydia E. Pinkingu's Vegetable Companied, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by fydia E. Pinkingu's Vegetable Compound.

Set of Ware FREE

If you call at our store during our Majestic Demonstration Week and allow us to show you the many advantages and superior qualities of the Great and Majestic Range, and will purchase one at the regular price, we will give you Free the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the set FREE with each Majestic Range bought during the demonstration week only.

Reasons Why the Great Majestic You Should Buy

1st. It has the reputation of being the best range money can buy.

2nd. It not only has the reputation but IS the best range made, and we will prove this to you if you will let us. 3rd. It is constructed of malleable iron, material you can't beat, and of Charcoal iron, material that resists rust 300 per cent greater than steel, is riveted together air tight. No heat escapes or cold air enters the range, thus uses very little fuel to do perfect work.

4th. The reservoir alone is worth the price of range over any other reservoir made. It boils 15 gallons of water; is heated like a tea kettle, with pocket against left hand lining, and is moveable and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from

Majestic ranges use less fuel; heat more water---and heat it hotter; costs practically nothing for repairs; lasts three times as long; bakes better; easier to keep clean and gives better satisfaction than any other range on the market. If you know positively that the above statements are true, wouldn't you buy a Majestic at once?
